(b) The principal business address of each of RAD2, RAD2 LLC, Segundo and Azar is P.O. Box 6172, San Antonio, Texas 78209.

(c) The principal business of RAD2 LLC is serving as the general partner of RAD2. The principal occupation of RAD2, Segundo and Azar is oil and gas exploration and production.

(f) RAD2, RAD2 LLC and Segundo are organized under the laws of the State of Texas. Azar is a citizen of the United States of America.

Item 3. Source of Amount of Funds or Other Compensation

Effective August 25, 2016 (the "Closing"), the Company closed the transactions contemplated by that certain Asset Purchase Agreement, entered into between the Company and twenty-three sellers (collectively, the "Sellers"), including RAD2, as a Seller, and Segundo, as a Seller and as a representative of the Sellers named therein (the "Representative"), dated December 31, 2015 (as amended to date, the "Purchase Agreement"). Pursuant to the Purchase Agreement, the Company acquired working interests in producing properties and undeveloped acreage in Texas and Oklahoma, including varied interests in two largely contiguous acreage blocks in the liquids-rich Mid-Continent region of the United States, and related wells, leases, records, equipment and agreements associated therewith (collectively, the "Assets"), from the Sellers (the "Acquisition"). In consideration for the purchase of the Assets, the Company assumed approximately \$30.6 million of commercial bank debt, issued the Sellers (a) 552,000 shares of Series B Redeemable Preferred Stock ("Series B Preferred Stock") (convertible into 3,941,280 shares of Common Stock, the "Series B Preferred Stock") (all of which were issued to RAD2 (200,000 shares) and Segundo (352,000 shares)) and (b) 13,009,664 shares of restricted Common Stock (of which 3,409,385 shares were issued to RAD2); and (ii) paid the Sellers \$4,975,000 in cash.

Effective August 25, 2016, the Company, as borrower, and Azar and certain other Sellers, as guarantors (collectively, the “Guarantors”), and International Bank of Commerce, as Lender (“Lender”), entered into a Loan Agreement (the “Loan Agreement”), whereby the Company borrowed \$40 million from the Lender. Additionally, in connection with the parties’ entry into the Loan Agreement and to further secure amounts due thereunder, certain of the Guarantors pledged shares of Common Stock which they received at the Closing to the Lender, with RAD2 pledging 3,120,606 shares of Common Stock. Upon the occurrence of an event of default under the Loan Agreement, and subject to the terms thereof, the Lender can obtain ownership of, and therefore voting power and investment power over such pledged securities.

The Loan Agreement and promissory note entered into in order to evidence the amount borrowed under the Loan Agreement include standard and customary events of default for similarly sized facilities, including, but not limited to, in the event the Company fails to pay any amounts owed to Lender when due; the Company (or any Guarantor) breaches any covenant, obligation, agreement, or other provision in any agreement entered into with Lender; the sale, lease, transfer or other disposition of all or any substantial part (i.e., 10% or more in any fiscal year) of the Company’s or any Guarantor’s assets, subject to certain exceptions; or in the event any person, entity, or group (other than any Guarantor) acquires beneficial ownership of 50% or more of the Company’s securities or more than 50% of the members of the Company’s Board of Directors change without the consent of Lender. The Company’s failure to comply with any covenant or requirement under the Loan Agreement and related documents constitutes an event of default under the note, subject to cure periods thereunder. Upon the occurrence of an event of default, the Lender may, at its option, declare the amounts due under the Loan Agreement immediately due and payable without notice of any kind.

The Series B Preferred Stock has dividend rights that accrue at an annual rate of 6%, payable quarterly in arrears, beginning at the end of the first full quarter following the Closing, until such Series B Preferred Stock is no longer outstanding either due to conversion, redemption or otherwise. The Series B Preferred Stock also has liquidation rights equal to the original issue price of such shares (\$25 per share) payable upon the Company’s liquidation, dissolution or winding up, either voluntarily or involuntarily. Each outstanding share of Series B Preferred Stock is entitled to one vote on all stockholder matters to come before the Company’s stockholders and are not entitled to series voting except as required by law.

The Series B Preferred Stock has a face value of \$25 per share. The Series B Preferred Stock is convertible into Common Stock at a rate of 7.14:1 (convertible into an aggregate of 3,941,280 shares of Common Stock if fully converted), at the option of the holder thereof, or automatically as to 25% of the Series B Preferred Stock shares if the Company’s Common Stock trades above \$6.125 per share for at least 20 consecutive trading days, and trades with at least 75,000 shares of average volume per day during such period; an additional 50% of the Series B Preferred Stock shares if the Company’s Common Stock trades above \$7.00 per share for at least 20 consecutive trading days, and trades with at least 75,000 shares of average volume per day during such period; and as to the remaining Series B Preferred Stock shares, if the Company’s Common Stock trades above \$7.875 per share for at least 20 consecutive trading days, and trades with at least 75,000 shares of average volume per day during such period.

The Series B Preferred Stock is redeemable at any time by the Company upon the payment by the Company of the face amount of the Series B Preferred Stock (\$25 per share) plus any and all accrued and unpaid dividends thereon.

Pursuant to a Letter Agreement entered into at Closing between the Company and RAD2, RAD2 agreed to accept full liability for any and all deficiencies between the “Agreed Assets Value” set forth in the Purchase Agreement of \$80,697,710, and the mutually agreed upon value of the assets delivered at Closing by the Sellers, up to an aggregate of \$1,030,941 (as applicable, the “Deficiency”). In connection therewith, RAD2 agreed to establish an escrow account within three business days of the Closing and place into escrow 288,779 shares of Common Stock, within 15 business days from the date of the Closing. The escrowed shares are to be held in escrow pending (a) RAD2’s transfer of assets to the Company following the Closing, equal to at least the value of the Deficiency (as valued in the reasonable determination of the Company); or (b) another mutually agreeable solution to the Deficiency ((a) or (b) as applicable, the “Make-Whole”). In the event the Make-Whole occurs on or prior to 45 business days from the date of Closing (the “Make-Whole Deadline”), the escrowed shares are to be released to RAD2, and in the event the Make-Whole does not occur prior to the Make-Whole Deadline, the escrowed shares (or such portion thereof that equals the Deficiency, in the reasonable determination of the Company) are to be released to the Company for cancellation as consideration for the Deficiency.
